Dear Fleming House Residents and family members,

UPDATE ON THE COVID SITUATION @ FLEMING HOUSE

As at 13h00 today, the situation with regard to COVID in Fleming House is as follows:

We have 8 Residents who have tested positive.

2 are in hospital, 2 are in private rooms on the ground floor, 4 are in our isolation wards on the ground floor.

A further 4 Residents have been tested between yesterday and today. We await these results. 1 of these has tested negative so awaiting 3 results currently.

We will not be sharing the individual names from this point onwards.

Some results are taking less than 24 hours and others have taken longer than 48 hours to come back to us. The labs are under immense strain due to the rapid increase of cases in Gauteng.

Our staff and medical team are working extremely hard to manage this fast changing situation and we ask that you send them and the Residents your constant thoughts and prayers. They are all under immense strain and they are understandably also concerned for their own safety.

Other related matters

In light of the outbreak in Fleming House, we are going to be even more resolute about minimising the number of outsiders we allow on to the Estate. We cannot afford to let our guard down now.

The current taxi scenario where taxi owners/driver are blatantly breaking the regulations and filling their taxis to capacity increases the risks for our Estate exponentially.

So, unfortunately, we will still not be permitting:

- Private gardeners or domestics onto the Estate
- We will not be resuming hairdressing services in Fleming or at Rotary Park (this decision has been in consultation with the hairdressers themselves who are not comfortable to risk coming back since the Fleming House outbreak)

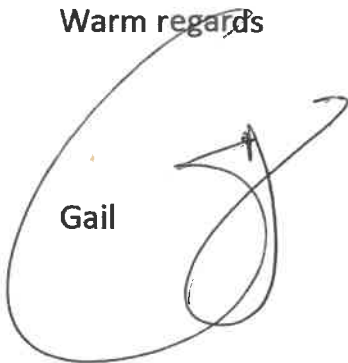

We make a plea to all our independent Residents to please limit the amount of times you go out of the Estate and that when you do, you do what you need to do by adhering to the mask and social distancing regulations – and you return to your unit as quickly as you can.

We know that we can rely on your understanding and support of our decisions.

Please take care and stay safe.

Warm regards

Gail
