

7 June 2021

**COVID COMMUNICATION NO. 06 of 2021**

Dear Residents,

I am sad to inform you that I have tested positive for Covid19 on Saturday 5<sup>th</sup> June. I have been off sick and away from the office since Wednesday, 2<sup>nd</sup> June.

As a precaution, the Admin office and the Events Coordinator's office will be closed for the next 10 days i.e., from **7 June up to and including 18 June 2021.**

We all take the necessary precautions and are diligent about wearing our masks at all times. However, due to the close proximity of our work environment, it is necessary for the Admin team to also isolate.

Nitasha, Haley, Pierre and Zelda are available on e-mail. The care team will only be available for emergencies as they will be confined to Fleming House and Resthaven.

Please note that Peace will also be isolating therefore only already booked transport to doctors' appointments etc. will be attended to by Tracy/Sphiwe. If you are in need of transport during the isolation period, you will need to arrange a Taxi/Uber for your appointments.

The maintenance team will only attend to emergencies during this period to ensure that they have limited contact with Residents.

It may be a difficult time right now for my Team and our families but I am confident that we will see this through and be stronger for it.

Please be safe, continue to be cautious even though you have had the first dose of the vaccine. Let's not let our guard down now!

We apologise sincerely for the inconvenience to you during this period but as you know the wheels of Randjes will keep turning and we will be back on track in no time.

Stay safe and be careful

***Gail Kruger***  
***General Manager***
